Subject:Inferno BBQ Broad Street Ely

To the licensing authority,

Having reviewed the wording of the application for Inferno BBQ, Broad Street, Ely, concerns have been identified regarding the late night refreshment licensable activity indicated in section I of the application form, and the potential impacts that this could have on the prevention of public nuisance objective. The premises is located in a largely residential area with a public garden almost directly opposite, and the application as completed requests the sale of food and delivery of food from 11pm until 1:30am for consumption on and off the premises, without any indications in the operating schedule of how the applicant is going to control the potential implications of this activity.

We have concerns that without safeguards (conditions) the request could see persons walking into the premises until very late into the night time hours to collect take-away food to consume off the premises. It could see queues forming on the street as there is no internal area to accommodate those waiting. It could see delivery vehicles coming and going through the night with the inevitable disturbances and nuisance that this would cause. It could also see an increase in anti-social behaviour in the Jubilee Gardens area if food and alcohol that can be consumed off the premises is readily available until the early hours from this business.

For the above reasons we feel that we have no choice but to submit an official representation objecting to the grant of the application.

Whilst we have these concerns if the application was to be granted as applied for, we feel that if the following conditions were to be included on any granted licence, we would offer no further objection.

- 1) The licence holder shall ensure that, the sale of food and drink above ambient room temperature (late night refreshment) beyond 11pm, is only consumed by persons sitting at a table on the premises, or delivered to their customer's home or place of work.
- 2) The licence holder shall ensure that no vehicles used for the delivery of their food shall attend the premises, or park on Broad Street, Jubilee Terrace, Missin Gate, and Ship Lane after 11pm.
- 3) The licence holder shall ensure that no new customers enter the premises after 12:30am.

Kind regards

Karen See
